Sir:

Under the guidelines of 37 C.F.R. 1.97, Applicants have previously submitted a copy of each of the documents listed on the attached Form PTO-1449 (modified) for consideration by the Examiner. Since this Statement is being filed after the period specified in §1.97(b), and with a request for continued examination, please charge the fee under 37 C.F.R. 1.17(p), and charge any additional fees which may be required by this or any other related paper, or credit any overpayment to Deposit Account No. 05-0840.

Applicants submit this Supplemental IDS and accompanying 1449 to correct a typographical error in the existing 1449 of record. The Applicants point out that the IDS of record and the art had been considered by the Examiner prior to the Notice of Allowance, as indicated by the initialized 1449. Accompanying this IDS is an RCE so that the Examiner can consider the IDS in which the typographical error has been corrected.

In particular, Reference BB on the 1449 previously of record was typed WO 02/076295 A2. The reference Applicants provided to the Examiner was in fact WO 02/076925, as it was cited on the International Search Report, which is also of record. Thus, the correct reference (WO 02/076925) was provided to the Examiner prior to the Notice of Allowance and the Examiner's initialing of the 1449 of record. The present 1449 reflects this correction. Examiner indicated to the Applicant by telephonic interview on May 29, 2009, that WO 02/076925 had in fact been considered before communicating the Notice of Allowance.

The following list of co-pending applications have been previously presented in the IDS of record, and are again brought to the Examiner's attention for his or her consideration.
